Building on Good Practice

Sussex Plan 2010:

- Develop LES themes within Core Planning Strategies
- Produce Regional SPD
- Produce Regional Low Emission Strategy
- Inform & introduce low emission technology demonstration projects
- Integrate LES thinking in LTP3 development
- RTPi workshop (late 2010)

Sussex RGi

Develop LES themes within Core Planning Strategies

- Feeding into LDF's consultations
- Linking with Strategic planners
- Regional strategies (SE Plan)? -> now lead by PPS

Produce Regional SPD

- Develop LES SPD template when ready
- CIL?? -> develop s106 guidance

Produce Regional Low Emission Strategy

- Developing working groups, linking in air quality, climate change, noise into Environment Strategy.

Sussex RGi

Integrate LES thinking in LTP3 development

- Consulting on LTP3 with Sussex transport authorities
- Linking LTP3 to LDF's

Challenges:

- Transport authorities under pressure
- 75% cuts in LTP3...

Sussex RGi

Low Emission
Strategies

Building on Good Practice

Inform & introduce low emission technology demonstration projects.

- West Sussex to develop LEV charging network (20 sites)
- Linking in Hampshire, Brighton, East Sussex and Surrey.
